THE CAMPBELL PROGRAM ASSOCIATE OF ARTS: CONCENTRATIONS IN BUSINESS ADMINISTRATION, INFORMATION TECHNOLOGY SECURITY (ITS), AND GENERAL STUDIES

The choice of a major can be difficult for many students. The Associate of Art program offers you the opportunity to take a variety of classes while deciding which Bachelors degree best fits your needs. This two year degree prepares students with the basic core courses of a liberal arts education.

A stepping stone toward a Bachelors degree, the AA degree allows working adults to more rapidly become a college graduate. This step, in turn, can lead to better employment opportunities as you continue toward your Bachelors degree. This degree also meets the military's goals for education for enlisted personnel.

THE EXTENDED CAMPUS APPROACH

Full-time students normally enroll in two classes during each of the five terms offered annually. This six semester hour load qualifies students for financial aid and/or VA education entitlements. Over 700 students earn degrees through Campbell's Extended Campus programs each year.

Campbell University believes that no student should be denied the opportunity for a college education due to lacking the financial means. Low tuition rates at the extended campus reflect this philosophy. Nearly all full-time students qualify for financial aid.

THE EXTENDED CAMPUS STUDENT

Campbell University understands the need for adult learners to seek a balance between the competing priorities of their education, career, family, and military responsibilities. The average student attending one of the extended campuses will complete 24-30 semester hours per year while attending classes only two nights per week.

Classes are scheduled during the evenings, at lunch, and on weekends. Weekday classes meet two nights per week with two class periods each night. Weekend classes meet once per week for 4 hour and 30 minute time periods. Campbell's Office of Distance Education offers Internet courses each term which provide adult learners additional flexibility in degree completion. Additionally, some campuses have blended classes which meet one night in the classroom and one night on the Internet.

YOUR NEXT STEP
