THE CAMPBELL PROGRAM BACHELOR OF BUSINESS ADMINISTRATION: MAJOR IN BUSINESS ADMINISTRATION

The major in Business Administration is a flexible major, consisting of courses which prepare you for a variety of options after graduation. Graduates find employment opportunities in business, government, and non-profit organizations. Many enter Master of Business Administration (MBA) programs after graduation.

An ideal major for students who are uncertain as to the specific positions they will occupy after graduation, the Business Administrative major provides a broad-based education which is especially attractive to students planning to work in family business or to go into business for themselves.

THE EXTENDED CAMPUS APPROACH

Full-time students normally enroll in two classes during each of the five terms offered annually. This six semester hour load qualifies students for financial aid and/or VA education entitlements. Over 700 students earn degrees through Campbell's Extended Campus programs each year.

Campbell University believes that no student should be denied the opportunity for a college education due to lacking the financial means. Low tuition rates at the extended campuses reflect this philosophy. Nearly all full-time students qualify for financial aid.

THE EXTENDED CAMPUS STUDENT

Campbell University understands the need for adult learners to seek a balance between the competing priorities of their education, career, family, and military responsibilities. The average student attending one of the extended campuses will complete 24-30 semester hours per year while attending classes only two nights per week.

Classes are scheduled during the evenings, at lunch, and on weekends. Weekday classes meet two nights per week with two class periods each night. Weekend classes meet once per week for 4 hour and 30 minute time periods. Campbell's Office of Distance Education offers Internet courses each term which provide adult learners additional flexibility in degree completion. Additionally, some campuses have Blended classes which meet one night in the classroom and one night on the Internet.
