#### THE CAMPBELL PROGRAM BACHELOR OF HEALTH SCIENCE

The Bachelor of Health Science (BHS) provides you with an excellent opportunity to meet the prerequisites for most medical degrees. This four-year program is designed for students who have earned an Associate of Health Science, diploma, or military equivalent credit from a community college or technical school.

Proper selection of upper level electives allows you to prepare for the competitive admissions of graduate education in a variety of fields. The BHS degree blends your technical credits with an academically sound program.

#### THE EXTENDED CAMPUS APPROACH

Full-time students normally enroll in two classes during each of the five terms offered annually. This six semester hour load qualifies students for financial aid and/or VA education entitlements. Over 700 students earn degrees through Campbell's Extended Campus programs each year.

Campbell University believes that no student should be denied the opportunity for a college education due to lacking the financial means. Low tuition rates at the extended campus reflect this philosophy. Nearly all full-time students qualify for financial aid.

#### THE EXTENDED CAMPUS STUDENT

Campbell University understands the need for adult learners to seek a balance between the competing priorities of their education, career, family, and military responsibilities. The average student attending one of the extended campuses will complete 24-30 semester hours per year while attending classes only two nights per week.

Classes are scheduled during the evenings, at lunch, and on weekends. Weekday classes meet two nights per week with two class periods each night. Weekend classes meet once per week for 4 hour and 30 minute time periods. Campbell's Office of Distance Education offers Internet courses each term which provide adult learners additional flexibility in degree completion. Additionally, some campuses have blended classes which meet one night in the classroom and one night on the Internet.

For more information about the program contact an academic counselor at one of the following campuses:

<b>Camp Lejeune Campus</b> cloffice@campbell.edu	910-451-3097
<b>Fort Bragg Campus</b> fortbraggoffice@campbell.edu	910-436-3242
<b>RTP Campus</b> RTP Center@campbell.edu	919-468-8844
<b>Distance Education</b> disted@campbell.edu	910-814-4738

#### ABOUT CAMPBELL UNIVERSITY

Founded in 1887, Campbell University is located in Buies Creek, North Carolina. The largest of the five Baptist colleges, Campbell is also the second largest private university in the state. The University is a member of the Servicemembers Opportunity College and participates fully in SOCAD, SOCMAR, and SOCNAV, which guarantee the transferability of selected credits. Campbell University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS) to award Associate, Bachelor, Masters, and Doctorate degrees.

#### YOUR NEXT STEP

Arrange to meet with an Academic Counselor at the campus of your choice. Bring copies of transcripts from any previous institutions that you have attended. If you are a military member or a veteran, you should also bring a copy of your DD214, CCAF, or AARTS/SMART transcript. The counselor will conduct an unofficial evaluation of your transfer credits in order to determine what courses you should take.

#### The Campbell Advantage

Most universities offer similar degrees. But Campbell ECE offers you a strong, unique program that:

- Prepares students for current job markets.
- Meets the needs of working adults.
- Allows you to earn a quality liberal arts education.

Health Science at Campbell ECE is the education you need, the education you want, and the education for your life.
