THE CAMPBELL PROGRAM BACHELOR SCIENCE INFORMATION TECHNOLOGY & SECURITY

The language of computers is complex and elegant. Our goal in this major is to develop professionals in the area of information technology, security, and networking who can harness the capabilities of the computer and the ever-expanding potential of the Internet.

This is one of Campbell's new majors, re-designed for the competitive international job market and explosive demand for network administrators and homeland security information technology specialists. ITS majors must choose to concentrate in one of two areas: Information Technology Management or Information Security.

THE EXTENDED CAMPUS APPROACH

Full-time students normally enroll in two classes during each of the five terms offered annually. This six semester hour load qualifies students for financial aid and/or VA education entitlements. Over 700 students earn degrees through Campbell's Extended Campus programs each year.

Campbell University believes that no student should be denied the opportunity for a college education due to lacking the financial means. Low tuition rates at the extended campus reflect this philosophy. Nearly all full-time students qualify for financial aid.

THE EXTENDED CAMPUS STUDENT

Campbell University understands the need for adult learners to seek a balance between the competing priorities of their education, career, family, and military responsibilities. The average student attending one of the extended campuses will complete 24-30 semester hours per year while attending classes only two nights per week.

Classes are scheduled during the evenings, at lunch, and on weekends. Weekday classes meet two nights per week with two class periods each night. Weekend classes meet once per week for 4 hour and 30 minute time periods. Campbell's Office of Distance Education offers Internet courses each term which provide adult learners additional flexibility in degree completion. Additionally, some campuses have blended classes which meet one night in the classroom and one night on the Internet.

For more information about the program contact an academic counselor at one of the following campuses:

Camp Lejeune Campus cloffice@campbell.edu	910-451-3097
Fort Bragg Campus fortbraggoffice@campbell.edu	910-436-3242
RTP Campus RTP Center@campbell.edu	919-468-8844

ABOUT CAMPBELL UNIVERSITY

Founded in 1887, Campbell University is located in Buies Creek, North Carolina. The largest of the five Baptist colleges, Campbell is also the second largest private university in the state. The University is a member of the Servicemembers Opportunity College and participates fully in SOCAD, SOCMAR, and SOCNV, which guarantee the transferability of selected credits. Campbell University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS) to award Associate, Bachelor, Masters, and Doctorate degrees.

YOUR NEXT STEP

Arrange to meet with an Academic Counselor at the campus of your choice. Bring copies of transcripts from any previous institutions that you have attended. If you are a military member or a veteran, you should also bring a copy of your DD214, CCAF, or AARTS/SMART transcript. The counselor will conduct an unofficial evaluation of your transfer credits in order to determine what courses you should take.

The Campbell Advantage

Most universities offer similar degrees. But Campbell ECE offers you a strong, unique program that:

- Prepares students for current job markets.
- Meets the needs of working adults.
- Allows you to earn a quality liberal arts education.

Information Technology & Security (ITS) at Campbell ECE is the education you need, the education you want, and the education for your life.
